Subject: Correction of EPA's Blanket Prohibition on Beneficial Use of Coal Combustion Residuals to Reclaim Clay Mines

Dear Mr Johnson;

I am writing on behalf of Charah, LLC ("Charah") to request that EPA correct an erroneous and counter-productive interpretation of the coal combustion residuals ("CCR") rule that imposes an absolute prohibition on beneficial use of CCR to reclaim clay mines. Details of our issue and request are included in the attached letter. Charah requests that after review of our letter and matters related to the issues, we, and other interested parties, be granted an opportunity meet with you and other appropriate EPA representatives to discuss the issues. A copy of the attached letter has been mailed to your office.

Charah appreciates your consideration. If there are any questions, please contact me at (502) 410-9295 at your convenience.

Thanks,
Danny Gray
